

- Ensure delivery of other services *viz.* immunization, health check-up, referral services, nutrition and health education and pre-primary education through effective convergence with the Schemes/Programmes of Ministry of Health, Education and Rural Development (Drinking Water Supply).

As a result of these measures number of operational Proejcts and AWCs has gone up from 4608 and 5.45 lakh as on 31.3.2002 to 569 and 7.48 lakh respectively as on 31.3.2006. Number of beneficiaries of supplementary nutrition has also gone up from 375.09 lakh to 562.18 lakh during the same period.

### **Performance of Anganwadi Scheme**

1323. SHRI MANOHAR JOSHI: Will the Minister of WOMEN AND CHILD DEVELOPMENT be pleased to state:

- (a) whether Government are satisfied with its anganwadi scheme;
- (b) if so, the details thereof and reasons therefor alongwith the places where these kendras are functioning, State-wise;
- (c) the funds earmarked and spent on this scheme by Government and the number of people likely to be benefited thereby;
- (d) the number of anganwadi kendras being run in the country and the number of children enrolled with these kendras at present with special references to Maharashtra;
- (e) whether the existing anganwadi scheme meant for children is going on properly; and
- (f) if not, the steps being taken by Government to ensure the smooth functioning of these kendras?

THE MINISTER OF STATE OF THE MINISTRY OF WOMEN AND CHILD DEVELOPMENT (SHRIMATI RENUKA CHOWDHURY): (a), (b) and (e) The impact of the Scheme has been significant in improving the health and nutritional status of the beneficiaries as brought out by various studies *viz.* National Evaluation on ICDS Scheme [National Institute of Public Cooperation and Child Development (NIPCCD)-1992]; ICDS Survey, Evaluation and Research 1975-95 [Central Technical Committee on Integrated Mother and Child Development—1996]; National Evaluation of ICDS Scheme [National Council of Applied

Economic Research — 2000-01]; Quick Evaluation of the ICDS Scheme (150 Projects) by NIPCCD in 2005-06.

Moreover, as per the findings of the National Family Health Survey (NFHS), the prevalence of underweight among children declined from 53.4% in 1992-93 to 47% in 1998-99 in the country. Similarly, as per Sample Registration System (SRS) data, Infant Mortality Rate (IMR) has declined from 73 in 1994 to 58 per thousand live births in 2004.

As the number of operational Anganwadi Centres (AWCs) at present is very large (7.48 lakh), location of Anganwadi Kendras is not recorded at the national level.

(c) Grant-in-aid of Rs.3641.82 crore was released to the States/UTs for the implementation of the ICDS Scheme (including supplementary nutrition), during 2005-06. Number of beneficiaries increased from 484.42 lakh, as on 31.3.2005 to 562.18 lakh, as on 31.3.2006. The number of beneficiaries would go up further with the operationalisation of Anganwadi Kendras sanctioned last year.

(d) A Statement indicating number of Anganwadi Kendras functioning/operational State-wise, including Maharashtra and the number of children benefited, as on 31.3.2006 through these Kendras, is annexed (See below).

(f) The steps taken in the recent past to increase the effectiveness of the delivery of services under the Scheme include:

- ◆ Expansion of the Scheme from existing 5652 Projects and 7.54 lakh Anganwadi Centres to 6118 Projects and 9.46 lakh Anganwadi Centres.
- ◆ Doubling of financial norms for supplementary nutrition from Re. 1 to Rs. 2 per beneficiary.
- ◆ Sharing of 50% cost of supplementary nutrition with the States.
- ◆ Constant emphasis on States to:
  - Ensure regular supply of supplementary nutrition as per schematic norms;
  - Ensure effective convergence of health nutrition, education and safe drinking water services under various programmes.
